Paper Lanterns

Diwali is known as the Festival of Lights. Lantern being the most popular decoration, it not only brights-up your home but adds to the festive flavour. Make this Diwali special crafting your own bright lanterns.

What you need?

- Construction paper
- Scissors
- Tape
- Stapler
- Ruler
- Pencil
- Glue
- Glitter, sequins for decorations.

Here we go

1. Measure and cut one inch off the short end of the paper. Set aside to use as the handle.
2. Fold the paper in half length.
3. Draw a line one inch from the end of the long edge of the paper opposite the folded edge. This will be the line where you stop cutting.
4. Measure and mark lines one inch apart starting at the folded edge and moving towards the "stop cutting" line.
5. Cut on the marked lines up to the "stop cutting" line.
6. Now unfold the paper.
7. Re-create the paper in the opposite direction. This will hide any pencil marks.
8. Now match the long edges together on the lantern and use tape to hold it in place.
9. Staple the handle to the top of the lantern.
10. Add glue, glitter, sequins or other things to decorate your lanterns.
