❖ **Internal Continuous Evaluation Systems and Place.**

At least three sessional examinations are held every year for the purpose of internal assessment. Sessional marks are calculated as the average of the best two performances at these examinations. These marks are submitted to the University of Pune before commencement of the University examinations. A candidate failing in any of the University examinations has a chance to improve sessional marks.

For each subject the examination scheme is as follows:

Theory					Practical				
University		Sessional		Total	University		Sessional		Total
Hours	Marks	Hours	Marks	Marks	Hours	Marks	Hours	Marks	Marks
3	80	1	20	100	4	80	3	20	100

Apart from the sessional examinations mandated by the B. Pharm. curriculum of University of Pune, the college also conducts class tests in each subject. The marks are displayed on notice board and discussed during the parents meet. Weak students are identified during the class tests and provided special training.

❖ **Students assessment of faculty, system in place-**

Students fill a feed back form about the institution and faculty for each subject at the end of each academic year. The feed back is critically evaluated and the statistical findings of the evaluation are discussed at the staff and Governing Body meeting to arrive at measures to improve the academic standards. The format of the feed back form is as below:
