Mahatma Jyotiba Phule
(1827-1890)

Shrimati Savitribai Phule
(1831-1897)

विद्येविना मती गेली मतीविना नीती गेली ।
नीतीविना गती गेली । गतीविना वित्त गेले ॥
वित्ताविना शुद्र खचले । इतके अनर्थ एका अविद्येने केले ॥
- महात्मा ज्योतिबा फुले

Lack of knowledge leads to indiscretion;
Indiscretion leads to lack of ethics.

Lack of ethics leads to absence of direction and momentum;
Absence of direction and momentum result in bankruptcy.
Such is the havoc caused by the lack of knowledge.
- Mahatma Jyotiba Phule

OUR FAITH

न चौर हार्यम् नच राज हार्यम् |
न भ्रातृभाज्यम् नच भारकारी ||
व्यये कृते वर्धते एव नित्यम् |
विद्याधनं सर्वधन प्रधानम् ||

Knowledge can neither be stolen by a thief,
nor snatched by a king.
It is indivisible unlike ancestral property,
it never burdens the bearer,
it multiplies manifold when offered to others.
Knowledge is the supreme form of wealth.

OUR VISION

To shape professionals, to conquer the present and future challenges
to the socio economic fabric of our society, by institutionalising search,
development, research and dissemination of
relevant knowledge through structured learning systems.

OUR MISSION

To evolve, develop and deliver dynamic learning systems
to equip professionals with conscience and commitment.
to excellence and courage to face business challenges.

MET League of Colleges

Mumbai Educational Trust (MET) is a conglomerate of premiere educational institutions, driven by a single-minded focus on imparting quality education, to make students sharp. Training is imparted round-the-clock, seven days a week. Projects and assignments are given utmost importance and students learn on the job. Application-oriented knowledge, garnered in the lecture halls, is applied to industry assignments. The faculty spares no effort to make the students razor sharp, so that they make their mark in the corporate world. No effort has been spared, to create an environment that encourages students, to push the limits of their minds. All this, to help young professionals face the challenges of life. And make their mark in the corporate world.

At MET, over four thousands students and faculty are involved in delivering unique learning systems, through ultra modern infrastructure and academic rigour. MET Institutes are ISO certified, with affiliations to the University of Mumbai, Savitribai Phule Pune University, Directorate of Technical Education, All India Council of Technical Education, MSBTE, Pharmacy Council of India, C-DAC - Ministry of Communications and Information Technology, The Chartered Insurance Institute (CII), London.

MET also has strategic institutional collaborations with the NCC Education, UK, Manhattan Institute of Management, New York, EAE Business School, Spain, Business & Hotel Management School, Switzerland, Robert Gordon University, York St. John University, SetCONNECT, USA, TCS iON and many others bodies of International repute.

From The Chairman's Desk

With many Indians evidently occupying influential positions globally in business, research, space, design, fashion, technology and more, the world is unmistakably acknowledging India's potential, as much as counting on it. This also bears testimony to the fact that India's education system has consistently performed better than that of many countries. On one hand, the finest educational institutions like IITs, IIMs, AIMS are producing world class professionals. On the other hand, India has also successfully reached out to the rural and suburban section and significantly improved gender equality in education besides boosting literacy rate itself, making people life-long learners. This has resulted in students, even from India's interior districts, rising to commanding heights in various arenas.

With newer proposed changes in Education as a sector, and IT backing and enabling its delivery and reach, we look forward to not only better serve Indian students, but also to attract and groom talent from around the world. All stakeholders, including academia students, industries, and government will have to play critical roles in making institutions capable of taking the next major leap forward and build an independent education ecosystem.

We, at three of our world class MET BKC campuses in Mumbai and Nashik, and at our International School - MET Rishikul Vidyalaya, are ceaselessly endeavoring to provide the best infrastructure, human capital, processes and values, so that tomorrow's India will outperform the India of yesteryears. We at MET believe that India's glorious period is not behind us but ahead of us, as a matter of fact we all are carving it out today

Chhagan Bhujbal

Hon. Founder Chairman - MET

Advantage MET

- Ranked 2nd Best B-School in Mumbai, India's 17th Best Pvt. B-School, 28th Best B-School All India and 14th amongst Top West B-Schools by the Times B-School Survey 2023

Director's Message

“Education is not learning of facts but the training of the mind to think”
– Albert Einstein

The demand for innovative, competent and contemporary management practices has never been so critical than today. Higher education and teaching-learning skills associated with it have witnessed a dramatic transformation. It started with 'work from home' and online teaching experiences in the last few years. It has been a challenge to all educationists to adapt to technology driven platforms that have invaded all aspects of business and learning. Two other developments that challenge the present situation are the setting up of foreign universities in India and the introduction and implementation of the NEP 2020. This increases competition in the higher education space making it crucial to be updated, contemporary and continuously up scaled.

The new pace makes it imperative to revamp the entire curriculum in order to fuse the complexities and competencies required by the businesses in a dynamic VUCA now BANI world. This requires a change in our own mindset as well as skillsets too. The need of the hour is to develop able and employable students who become efficient managers and this is possible only through Holistic Management Education. Therefore, our two-year Post-Graduate EMBA (Empowered Management and Business Administration) Program successfully differentiates itself from other similar courses by making itself more application-based, industry-oriented and suitable to the current global trends. Live projects give hands-on experience that help youth to cash on opportunities ahead.

We continuously look forward to building competencies and sharpening the skills not only academically but for an all-round development. We have established an Assessment Centre and begin by administering diagnostic tests to the newly enrolled students in order to understand their strengths and weaknesses and their proficiencies and capabilities. Thus development is tailored to suit their unique needs and requirements based on their current status and future ambitions. Communication and IT skills are honed as they form a strong base for any industry. We train our students with the latest Business Analytical tools and hold sessions on Fintech, Union Budget, Business Etiquette and Leadership Management to endow them with a wholesome and holistic development.

We have introduced subjects like Strategic Business Analytics, AI, ML, Python, Life Management Skills, Rural Marketing, Digital Banking, Insurance Management and we train each of our students with the Basics of IT to Advanced Excel. Students doing Capstone Projects are enriched by working

Director's Message

on live data. We have given to all students the access to our e-library to quench their quest for knowledge. They have access to the most unique MET world of Music to soothe and relax their senses. Our Innovation Cell promotes the bubbling up of start-up innovative ideas. We take students for rural marketing visits, outbound management training programs and industrial visits. We involve students with community outreach programmes and also offer access to co-curricular and extracurricular activities essential for overall growth.

We at MET do boast of our state of art infrastructure and unparalleled facilities offered to students. We have adopted world-class teaching standards and our empowered MBA may be rated equivalent to any other two year's management program. We have carefully selected highly qualified professionals to impart knowledge and our curriculum goes beyond the syllabus of bookish knowledge imparted within the four walls of a classroom. Our visiting faculties represent the world of professionals who bring with them their rich experiences and expertise. We frequently invite corporate guests and alumni to conduct talks, lecture sessions and workshops that enrich our students with the contemporary practices in the industry. Our corporate alumni take special interest in syllabus upgrading, mentoring students, offering guest lectures, projects and even placements.

We have signed MOUs with Chartered Insurance Institute UK, Varna University of Management, Bulgaria and London Institute of Banking and Finance. Our large alumni base at very high positions in the industry across the globe is very well-knitted with its network and represents our strong pillars of strength. We aspire to develop industry influencers, innovators and entrepreneurs. In an increasingly globally connected world, the emphasis throughout the course is on the application of knowledge, intercultural awareness and the creation of future business leaders for profitable and sustainable modern enterprises. We provide an enabling environment to nurture a critical and creative mindset that can propel the students to greater heights in their pursuits to excellence.

Dr. Sangeeta Tandon

Director
MET AMDC

Post Graduate Programme in Empowered Management & Business Administration (PGP EMBA)

PGP EMBA: The Sharpening Process

Orientation (Aarohan)

Launchpad: An intensive induction programme is held prior to the commencement of regular classes. Distinguished corporates and alumni share their success stories and inspire students with their expertise and experiences. They discuss the relevance of various subjects offered in the management programme. This is followed by a slew of psychometric tests to measure a student's mental and emotional mindset. In addition, students are made conversant with management styles and trained in corporate etiquette. The induction culminates in Outbound Training (Anubhav) that allows the students to bond through outdoor management games where they are trained in Team building & Leadership skills. Later Foundation Course upskills and brings all students from different streams at par.

Certificate I: Introduction to Post Graduate Programme in Empowered Business Management and Administration

From the very first day, the emphasis is on seeking out knowledge as a sharpening tool like no other! During this term basic foundation of the management programme is laid by introducing students to various fundamental subjects. The pedagogy used encourages students to ask questions and analyse data through various modern techniques. An in-house psychologist assesses and sharpens student competencies based on their strengths and aspirations aligning them to industry needs.

Certificate II: Advanced Post Graduate Programme in Empowered Business Management and Administration

Students are encouraged to participate in workshops, seminars and class debates, solve case studies and pursue live industry projects. In addition to the regular curriculum, project work is assigned to students, which is aimed at creating resourcefulness and enhancing networking skills. At the end of this module students go in for two months Summer Internship programme in the industry.

Certificate III: Specialisation: Marketing/Finance/HR

At this stage, students choose their area of specialization. This module involves highly advanced learning targeted at bringing students upto the expectations of the industry. Senior professionals deliver specially designed participatory sessions and expose them to industry realities. This encourages application-based learning. They are encouraged to take live projects from the industry. They are engaged in many co-curricular and extra – curricular activities for holistic development. Participation is encouraged in Social outreach programmes as well. Intensive Placement training programmes through Industry professionals are conducted to make the students corporate ready.

Certificate IV: Crossing the Corporate Threshold

During this module our students cross the final threshold into corporate management by completing their specialization subject. They do a final industry project as partial fulfillment of the course.

Industry Orientation (Parichay): Assistance is provided for industry placement.

Alma Mater (Alumni Interface): MET Alumni Cell maintains a constant rapport with the alumni. Every possible support in terms of research, consultancy or lateral placement is offered to the alumnus.

Management games during 'Anubhav'

Summer Internship: To get a feel of corporate life, students are required to compulsorily take up summer internship with an organisation. An internship may last for eight weeks, It gives students a chance to experience the real corporate work environment. Management techniques learnt in the classrooms are applied to actual projects in the industry – a great way to enhance managerial skills. Prior to the summer internship, the students undergo a Summer Preparatory Module, in order to sharpen their perspective towards the upcoming assignment.

PGP EMBA: The Sharpening Process

Post Graduate Programme in Empowered Management and Business Administration (PGP EMBA) is an autonomous two-year intensive flagship programme at MET AMDC, spread across four certificates and offering specializations in Marketing, Finance and Human Resources. We believe in the latest management thought and practice which focuses on delivering and shaping Management professionals in the process of Doing-Having- Being a multitasking e-savvy human being. There has been a rapid transformation and the expectations of all stakeholders from the MBA programme have changed over the last decade hence the structure of the PGP EMBA programme is designed to give students the best in industry exposure helping them become the leaders of tomorrow, in the specialisation of their choice. The programme has dynamic curriculum at par with changes in the VUCA world and requires needs for improvement in virtual communication skills, personal ebranding technology proficiency, data driven thinking, domain knowledge basics, flexibility and adaptable attitude of the MBA graduates. This programme is complemented with newer and innovative teaching methods, pedagogy which are necessary to address employability requirements of the industry.

As part of our mission to create professionals, we emphasis on the new tech savvy management work which focuses on the below mentioned areas :

- Life skills, managing change and leadership are the core of this programme
- Business communication, self-awareness and emotionally intelligence communication
- Digital transformation and humanising technology
- User experience design, immersive experience and design thinking
- Data driven business management and strategic analytics
- Managing human capital and administration
- Management strategy and innovation

More than MBA and Beyond

Highlights of the two-year full-time flagship PGP EMBA programme :

1. Curriculum for the new world

The Institute weaves around the syllabus a curriculum which suits the dynamic and contemporary environment. The subjects are introduced as per the requirement of the industry. Each new subject introduced is validated by industry experts and is the result of constant innovation and continuous review done by the faculty. Meaningful updation is the core essence of the PGP EMBA programme. Emphasis is laid on research, inter-personal, analytical, cross-cultural and entrepreneurial skills. Global aspects of managerial careers are considered throughout the programme.

2. Beyond regular MBA syllabus for dynamic business environment

We live in a VUCA world. Jobs of today were perhaps not created about 5 years ago. Hence special care is taken to update the Syllabus with the help of academicians, alumni and industry experts. New subjects like Business Analytics and Digital Banking are introduced. The PGP EMBA programme integrates a basket of Knowledge, Skills and Attitude (KSA) developed to create a direct linkage to the dimensions of the industry.

3. Hands-on and Application Orientation

The PGP EMBA programme also tries to move out of the classrooms and instead focus on live projects, group activity, field work, experiential learning, Summer Internship etc. One quality that is included across these programmes to become being self-driven and will be inspired to be ready to take initiatives. These are supported by indigenous curriculum design, contemporary syllabus, effective delivery and comprehensive evaluation.

4. Entrepreneurial aspirations and preparedness for the same

We inspire our students to nurture entrepreneurship qualities. We encourage them to ignite the spirit of innovation and creativity. Mentorship and guidance is given to those who wish to start their own business ventures.

5. Placement assistance and training

Throughout the two years an integrated approach for enhancing employability is observed. Life Management skills, GD, Pls, Personality Test, Grooming Sessions, Business Etiquettes Workshops, Quanti Apti Sessions, etc. are conducted all year around to make students corporate ready. We have given high priority to placements hence have adopted elements into the curriculum that help students to secure excellent profiles and packages during placements.

PGP EMBA: Syllabus

PGP EMBA syllabus intends to add immense value to all stakeholders by effectively addressing their requirements :

1. PGP EMBA programme provides the much-needed flexibility to all students to carve a niche for themselves.
2. IT provides in-built flexibility in the curriculum to help the institute to offer tailor made courses preferred by students, from a wider basket of courses.
3. Empowering the students through cafeteria approach - by providing Generic core, subject core and subject elective courses.
4. Emphasizing the centrality of the student and teacher-student relationship in the learning process.
5. Emphasizing Experiential Learning aspect through corporate interactions
6. Incorporating new specializations viz. Business Analytics

Post Graduate Programme in Strategic Business Analytics

Post Graduate Programme in Strategic Business Analytics

Post Graduate Programme in Strategic Business Analytics (PGP SBA) is an autonomous two-year intensive flagship programme at MET AMDC, spread across four certificate options and offering specializations in Marketing Analytics, Finance Analytics and Human Resources Analytics besides a holistic view and in depth analytical capability in core area of Management.

The business complexities and uncertainties driven by the pandemic tsunami have brought about the dire necessity of evolving and deploying critical data analytic techniques to chart out current and future course of business worldwide. While there is a risk of action paralysis due to excess of analysis, it is critical that application data analytic tools are not merely used to arrive at critical decisions, but they should also be deployed to evolve strategies both short term and long term to shape business decisions. It is this congruence of data analytic tools for evolving dynamic decision-making platforms through strategic business analytics that is of the need of hour. Therefore, our programme PGP SBA ensures delivery and critical application capabilities to young professionals thereby, empowering their congruence with management decision making apparatus. It involves delivery of core areas of business management to the students and its application to businesses.

PGP SBA appeals more to business-oriented students and is less technical than data science or data analytics specialization. Specifically designed for graduates from any field who wish to join the big data revolution and do not have coding or information technology knowledge. PGP SBA, a judicious mix of managerial and analytics subjects, equip the student with necessary skill that deals with how to collect, manage and analyze business-related data. It integrates a basket of Knowledge, Skills and Attitude (KSA) developed that direct linkage for creating strategies for business decision-making process. It provides students with a lifetime experience of multifaceted learning from our experienced faculties, industry experts and high IT infrastructure. It provides platform for holistic development of students who strive to become highly efficient managers with an analytical mindset and an inclination towards data-driven careers which are in huge demand in the industry.

Highlights of the Two-Year Intensive Flagship PGP SBA Programme

1. Curriculum for the new world

PGP SBA provides the fundamental skills needed for a career in business and data processing such as scripting languages experience and data analysis to solve real-world problems. The programme provides an introduction to big data analytics for all business professionals, including those with no prior analytics experience and want to get involved in using data to help business decisions and that will provide them with the fundamental skills they need to succeed.

2. Beyond regular MBA syllabus for data-driven environment

The students learn how data analysts describe, predict, and inform business decisions in the specific areas of marketing, finance and human resources. It is a perfect blend of Data Science, Information Theory, Business Intelligence and Computer Science. It will help students to develop basic data literacy and an analytical mindset that will help them to make strategic decisions based on data.

3. Hands-on use of Tools and Application Orientation

Learners will finish this programme with the ability to automate tasks and apply statistical methods to solve problems with tools like Advance Excel (Using the Solver, VBA and Data Analysis add-ins), SPSS, SQL R, Python, Tableau and Power Business Intelligence (PBI). All these tools will help in final Capstone Project, students will apply these skills to interpret a real-world data set and make appropriate business strategy recommendations.

4. Placement assistance and training

The programme encourages students to discover their purpose and learn skills thought out two years that help them to be job ready. We shall give high priority to placements hence will adopt an integrated approach for enhancing employability elements into the curriculum that help students during placements.

NOTE : Additional tutorials and soft skills will be delivered to hone competencies of students aiming at an all - round development of their personality. For sharpening quantitative skills and capabilities, relevant inputs will be offered from time to time making them corporate ready to match industry expectations.

Pedagogy & Performance Assessment

Four Certificates – Modular System

The teaching methodology adopted by the institute will consist of classroom sessions wherein students will be exposed to case studies, experiential learning, role play, scenario building as well as live industry projects. The emphasis will be on developing an understanding of the subject by the students, since they are expected to convert teaching into the application and execution mode. To facilitate this interactive learning process, they will be mentored and subdivided into learning groups or work teams, which will facilitate team working as well as collective learning. Their curriculum would include industry visits, rural visits, societal relief exposures besides industry internships. Students' participation in all these activities is compulsory.

Selected subjects like Principles of Management, Perspective Management, Strategic Management, etc. will be taught through the Case Study method. For all subjects, students are expected to come to the class well prepared and updated. Faculty may take surprise exams at any point in time during the certificate. During the study, students will be assessed subject wise, based on the weightages mentioned here.

Students are hereby informed that a module based examination will be conducted and those who miss the module or do not appear for the module end examination will have to repeat the module only in the next academic year. Thus there will be no re-exams for absentees.

In case of failures in two or less than two subjects, students will be given a re-exam at the end of each certificate course. Failures in more than two subjects will have to repeat the entire certificate. There will be only one re-exam conducted.

Attendance:

- Attendance norms to be fixed at minimum 80% per subject per certificate
- Students failing to meet the above norm will not to be permitted to appear for the exams
- All such students to repeat certificate

Credit Points Evaluation System

Every subject will be given a maximum of 1 point for its credit and minimum credit points required to clear the subject is 0.5. These points will be given on the basis of students' marks in the subject.

The certificates will be issued depending upon minimum 0.5 credit received in each subject for the certificate module. e.g. if maximum credit points are 11, minimum 5.5 credit points are required besides minimum 0.5 credit points in each subject.

Sr. No.	Credit Points	Evaluation
1	0.70 and above	Passed with Distinction
2	0.60 to 0.69	Passed with First Class

Sharp Minds at Leading Companies

MET AMDC invited Mr. Naveen Rohatgi, CA and a noted personality in Financial Markets to discuss Union Budget 2023 in the Indian Parliament.

A high profile delegation representing Consortium for Global Education (CGE), USA visited Mumbai Educational Trust. Various ideas focussed on learning, student enrichment, research, and experiential exposures during the delegation visit.

MET and Varna University of Management, Bulgaria joined hands to promote a student exchange programme and to facilitate students to acquire a management degree from a foreign University also.

MET AMDC conducted a seminar on 'International Management Careers in Europe'.

Former New Zealand Cricket Team Captain, Mr. Stephen Fleming visited MET. He addressed the audience on team building, leadership and winning in the competitive scenario.

Mr. Pankaj Bhujbal, Trustee - MET, felicitating Ma Jianbioo, President, Tianjin University of Technology, China.

As part of the Induction program 'AAROHAN' for PGP EMBA students was hosted by MET AMDC, combining both educational and entertaining elements.

MET AMDC signed a MOU with London Institute of Banking and Finance (LIBF).

MET AMDC went on a two day Industrial Visit at Sahyadri Farms, Mithila Plastics Industries in Nashik.

METCONNECT Dubai was organised with an aim to network with corporate houses in Dubai keeping placements in the focus.

MET SYNERGY 2023 served as the stage where corporate alumni engaged with PGP EMBA students.

Life at MET

MET AMDC welcomed panel of 'Syllabus Upgradation Committee' consisting of professionals from the industry and esteemed alumni.

MET partnered with the International Delphic council and Delphic Council of Maharashtra to form the Delphic Art Wall at its campus in Bandra that marked the celebration of 28 years of the International Delphic Movement.

Mr. Matthew John David Hancock, Health for UK British Conservative Politician and Secretary of State for along with an academia delegation visited MET

'Slavery' - Book written by Mahatma Jyotirao Phule in 1873, dedicated to American struggle against Slavery & Racism, being presented to then US President - Barack Obama by Mr. Chhagan Bhujbal, Chairman - MET

MET students with the tycoon Ratan Tata at the Asia Business Responsibility Summit

Mr. Pankaj Bhujbal, Trustee - MET, felicitating Ma Jianbioo, President, Tianjin University of Technology, China

MET Seva is the dedicated cell for social outreach programmes wherein help is rendered to the under privileged strata of society with students' involvement

A 16 member UNISA delegation comprising of the Dean, faculty, students belonging to multi disciplines visited MET for a global ideas exchange programme

MET conducted the 3rd HR Meet - MET SYNERGY in which professionals from renowned corporates like Ogilvy, Denstu, Big Synergy etc participated.

"My MBA degree helps in understanding the professional management approach in Bollywood. It helps me understand the strengths of 'John Abraham' - the brand and maximise my earnings. The MBA degree has given me a sense of worldly wisdom and empowers me to utilise my resources to the fullest."

John Abraham
International Celebrity

"I had the most memorable time studying at MET. The faculty was most helpful and guided me at every step in honing my core competencies. I thank all those who guided me for the wonderful experience. To the students I would like to narrate a few lines from Zen tradition: Those who keep their minds open to new concepts - those whose cups are always empty - will always move to higher levels of achievement and fulfilment."

Tarun Katial
Entrepreneur, Founder and CEO at Coto
Ex CEO ZEE5 India

"The brilliant faculty and their passion to business motivated me to think 'out of the box'. People at MET are collectively a group of intellectual, outgoing, bright people that enjoy spending time together. It was a great source of inspiration & team work. During my campus days at MET, I worked with a variety of business cases & was exposed to many different industries. MET gave me the opportunity to work with top organisations in India & overseas. My learning curve at MET was steeper than expected."

Gautam Gulati
Entrepreneur & Cofounder, Director at Screenox, Hammer & BXI

"MET gave me an experience of multifaceted learning. It helped to develop my entrepreneurial skills, independent thinking and decision making ability. It provided an enabling environment for hands-on practical exposure since we were involved in almost all activities and events round the year in the pursuit of excellence."

Vishal Bhusari
Director Sales (India and Nepal, Bangladesh, Sri Lanka, Maldives with P&L ownership)
Kellogg India Pvt Ltd.

Alumni Speaks

I joined the MBA programme at MET after my Engineering and I am glad that I made the right choice then. At MET I got the opportunities to learn and interact with the best of faculties. I was given the freedom and a platform to learn to lead. MET had the best library with a massive collection of management and leadership books and I made the most of it. I thank MET for shaping my future and developing me as a leader.

Mr. Rishi Agrawal
Global Delivery Head - Application,
Automation and Analytics at 3i Infotech Ltd.
Alumni - Batch 1996-98

The E MBA course offered me a very good platform to scale great heights in my career. The course had a mix of management and insurance subjects with best of the faculties who had immense knowledge and practical experience. The HOD, teachers and other staff of MET were always approachable for resolving all our queries.

Lastly, all thanks to MET for giving me the launchpad to start my career internationally.

Mr. Shanki Jain
Sr. Vice President,
Unison Insurance Broking Pvt.Ltd.
Alumni - Batch 2006-2008

I am really thankful to AMDC, MET Asian Management Development Centre, for guiding me in the right path to take managerial decision making. Again, thank you for all that you have done to lead me to success! Your encouragement and faith in me doesn't go unnoticed!"

Mr. Aslesh Parekh
Director ,
Gandhar Oil Refinery India Ltd.
USD 400 million company awarded by Shri.Nirmala Seetharaman (Ministry of Finance& Corporate Affairs)
Alumni - Batch 2001-2003

The PGP EMBA programme at MET set the foundation of the growth in my career that followed. A well-designed mix of theory and its business application, supported by an ever friendly and knowledgeable faculty set up the student in me to tackle real-life business situations. The openness to look at emerging and evolving subjects of interest in the market is an added reason why the programme stands out. This is the reason for us having gradually built a solid alumni with reputed positions in the business globally. Highly recommended!

Mr. Rakesh Gajjar
Director, Practice Lead - Credit Risk,
CRISIL Ltd. (An S&P Global Company)
Alumni - Batch 2006-2008

**Ingrained in Sand - Yet of Diamond's Worth
My Alma Mater will stand - In Heavens, on Earth!!**

Institutions play a pivotal role in institutionalising the set of values that set the context in your life, to fulfil the aspirations that you been dreaming of since child hood. That is what MET and the PGP EMBA programme has meant to me. The decision to choose the programme has been instrumental in my success and who I am today. The kind of opportunities that I have got here are the ones that I have never dreamt. I owe heart felt reverence to MET for everything and all the positive changes in my life.

**Nitika Sharma,
Deputy General Manager,
Lodha Group**

If we wouldn't have MET, we wouldn't be here. MET is where it began for us. Two years of MBA have been foundation to crucial years of career ahead. We encourage all the future aspirants to make good use of their time academically, interacting with professors and honing skills with extra curricular activities. We ourselves were part of Stormet, Entrepreneurship Cell and various inter collegiate events. You will meet new friends, future colleagues and some great faculty in these two years. We hope you make the best out of your time. These are crucial two years so invest each and every minute wisely & productively.

**Shrenik Gandhi & Mitesh Kothari,
White Rivers Media Solutions**
