Mahatma Jyotiba Phule
(1827-1890)

Shrimati Savitribai Phule
(1831-1897)

विद्येविना मती गेली मतीविना नीती गेली ।
नीतीविना गती गेली । गतीविना वित्त गेले ॥
वित्ताविना शुद्र खचले । इतके अनर्थ एका अविद्येने केले ॥
- महात्मा ज्योतिबा फुले

Lack of knowledge leads to indiscretion;
Indiscretion leads to lack of ethics.
Lack of ethics leads to absence of direction and momentum;
Absence of direction and momentum result in bankruptcy.
Such is the havoc caused by the lack of knowledge.
- Mahatma Jyotiba Phule

OUR FAITH

न चौर हार्यम् नच राज हार्यम् ।
न भातृभाज्यम् नच भारकारी ॥
व्यये कृते वर्धते एव नित्यम् ।
विद्याधनं सर्वधन प्रधानम् ॥

Knowledge can neither be stolen by a thief,
nor snatched by a king.
It is indivisible unlike ancestral property,
it never burdens the bearer,
it multiplies manifold when offered to others.
Knowledge is the supreme form of wealth.

OUR VISION

To shape professionals, to conquer the present and future challenges
to the socio economic fabric of our society,
by institutionalising search, development, research and dissemination of relevant
knowledge through structured learning systems.

OUR MISSION

To evolve, develop and deliver dynamic learning systems to equip professionals
with conscience and commitment to excellence and courage
to face business challenges.

MET LEAGUE OF COLLEGES

Mumbai Educational Trust (MET) is a conglomerate of premiere educational institutions, driven by a single-minded focus on imparting quality education, to make students sharp. Training is imparted round-the-clock, seven days a week. Projects and assignments are given utmost importance and students learn on the job. Application-oriented knowledge, garnered in the lecture halls, is applied to industry assignments. The faculty spares no effort to make the students razor sharp, so that they make their mark in the corporate world. No effort has been spared, to create an environment that encourages students, to push the limits of their minds. All this, to help young professionals face the challenges of life. And make their mark in the corporate world.

At MET, over four thousands students and faculty are involved in delivering unique learning systems, through ultra modern infrastructure and academic rigour. MET Institutes are ISO certified, with affiliations to the University of Mumbai, Savitribai Phule Pune University, Directorate of Technical Education, All India Council of Technical Education, MSBTE, Pharmacy Council of India, C-DAC - Ministry of Communications and Information Technology, The Chartered Insurance Institute (CII), London.

MET also has strategic institutional collaborations with the NCC Education, UK, Manhattan Institute of Management, New York, EAE Business School, Spain, Business & Hotel Management School, Switzerland, Robert Gordon University, York St. John University, SetCONNECT, USA, TCS iON and many others bodies of International repute.

FROM THE CHAIRMAN'S DESK

With many Indians evidently occupying influential positions globally in business, research, space, design, fashion, technology and more, the world is unmistakably acknowledging India's potential, as much as counting on it. This also bears testimony to the fact that India's education system has consistently performed better than that of many countries. On one hand, the finest educational institutions like IITs, IIMs, AIMS are producing world class professionals. On the other hand, India has also successfully reached out to the rural and suburban section and significantly improved gender equality in education besides boosting literacy rate itself, making people life-long learners. This has resulted in students, even from India's interior districts, rising to commanding heights in various arenas.

With newer proposed changes in Education as a sector, and IT backing and enabling its delivery and reach, we look forward to not only better serve Indian students, but also to attract and groom talent from around the world. All stakeholders, including academia students, industries, and government will have to play critical roles in making institutions capable of taking the next major leap forward and build an independent education ecosystem.

We, at three of our world class MET BKC campuses in Mumbai and Nashik, and at our International School - MET Rishikul Vidyalaya, are ceaselessly endeavoring to provide the best infrastructure, human capital, processes and values, so that tomorrow's India will outperform the India of yesteryears. We at MET believe that India's glorious period is not behind us but ahead of us, as a matter of fact we all are carving it out today

Chhagan Bhujbal
Hon. Founder Chairman - MET

ADVANTAGE MET

- Ranked 4th Best B-School in Mumbai, 22nd Best B-School All India and 15th amongst Top West B-Schools by the Times B-School Survey 2023

MET Institute of PGDM ranked 4th Best B-School in Mumbai by the Times B-School Survey 2023.

Graduating batch during a MET Annual
Convocation Ceremony

Mr. Mukesh Ambani
Chairman & MD, Reliance

ABOUT MET INSTITUTE OF PGDM

Mumbai Educational Trust (MET) had launched a multidimensional approach in providing professional education in the field of management and had set up both the MMS and autonomous Management Programmes way back in the 1990s. However in order to offer the structured learning systems under the aegis of AICTE it set up the autonomous PGDM programme which was primarily styled on the lines of the prestigious IIMs and other best B-Schools in India and overseas. Recently the AICTE in its wisdom decided to promote higher educational institutions of eminence under the stand-alone programme in management, and thus, was born the MET Institute of Post Graduate Diploma in Management (MET Institute of PGDM) under the direct affiliation of AICTE.

MET mumbai considered as India's best B-School, has already offered thousands of high calibre MBAs to the industry. The PGDM programme has now launched its new batch to the service of the corporate world in India and abroad. This humongous response to MET's outreach has been driven by astute leadership and foresight of the Trustees, state of the art infrastructure at the educational complexes, well equipped and diversified libraries, unique pedagogy and resource centres along with vast repository of e-learning resources that have made a deep impact on the MBA students, academics and industry professionals who share in the participatory learning programmes at the Institute. No effort is spared to create multidisciplinary management professionals who are made industry ready to hit the marketplace. We are blessed by the integration of unique industry-academia collaboration in delivering participatory learning programmes enriched by congruent relationship with our thousands of alumni seeing the global economy with joy and pride.

ABOUT PGDM PROGRAMME

With specialisation in Marketing, Finance, HR, Operations and IT

Professional Management Education program (known as PGDM) to provide professionals to meet the needs of Indian Industry were initiated in the 1960s at Indian Institutes of Management and later by other Universities. PGDM at MET draws its strength and character from this iconic lineage of MBA program interwoven with new age technological inputs to empower professionals with know-how in today's digital business framework, justifying the program name.

PGDM program at MET, ranked as a top PGDM course in Mumbai was launched in the year 2007. Since then, desire to get into one of the best B-school in India has been driving Engineering, BBA, BMS, BCom, BMM & Pharma graduates alike from all over the country to MET. PGDM at MET is more than an MBA since it's content and pedagogy empower budding managers with technological tools and understanding besides honing their managerial prowess. It is evident by the fact that a few thousand MET PGDM alumni are gainfully employed in senior positions in leading corporate houses, making their presence felt, and many being successful entrepreneurs too.

Since the world and Indian environment are continuously changing; business and society is changing along. The pandemic has changed the way of life and business practices. A new world order has emerged post pandemic. Hence PGDM at MET is being continuously updated to meet its original purpose of providing trained managers well versed with latest management techniques to the Corporate World. Therefore, in addition to CORE areas of specializations - Finance, Marketing, Human Relations, Operations and Systems, course curriculum covers -

- Design Thinking: MET PGDM is perhaps the only management college to have a comprehensive and practical course on this creative problem solving methodology.
- Strategic Management: Many important aspects of organization management are covered e.g.: How world's best companies got ahead - illustrated through case studies.
- Business Analytics: How to use data and quantitative analysis for decision making and efficient and effective working of organization.
- Digital Business and Digital Marketing: To empower student in the IT driven corporate framework.
- eCommerce: How to run and succeed in running businesses beyond brick and mortar structures.

PGDM at MET has also introduced following additional NEW AGE minor specialization.

FinTech

Business Analytics

Media & Entertainment

Start-ups and New Enterprise Management

ABOUT PGDM PROGRAMME

Publishing Research: The MET PGDM students has to work on the Capstone Project which commences at the beginning of 2nd Year i.e. trimester 4 and is to be completed by the end of 6th trimester by submitting Capstone Project Report. At the end of trimester 4 and trimester 5 student has to submit progress report and has to mandatorily publish working (research) paper in Research Journal of repute either independently or jointly with faculty guide or company guide, if any, before submission of Capstone Project Report. This offers opportunity to the students to develop research mind-set and research skills, which is differentiating feature of MET PGDM.

Trimester Pattern: The trimester pattern of MET PGDM program differentiates itself from semester pattern PGDM offered by other institutes. In MET's PGDM trimester pattern courses (subjects) are spread over six trimesters, thus each trimester student shall learn 6 to 7 subjects and in total approximately 40 subjects. Trimester 1 & 2 are General and trimester 3 - Core subject of Specialization, Trimester 4 - Functional Specialization (Finance, Marketing, HR, Systems & Operations), trimester 5 - Add on specialization in emerging businesses (Fintech, Martech, Healthcare, Edutech, start-up management, etc). Whereas in case of semester pattern followed by other institute the two year program is made of 4 semester due to which less number of electives/specialization/subjects are covered.

Independent Study Courses (ISC): Independent Study Courses are subjects which students learn independently by attending Seminar/Workshop/Conferences and doing certificate courses on their area of interest. This offer opportunity to students to persue their interest and passion area which could be in the area of Music, Dancing, Sports, etc. leading to holistic development of the student into responsible human being and not just responsible professional. MET PGDM is the only PGDM Program which recognizes and awards marks for independent study in the form of 2 ISC of 100 marks each. ISC 1 for attending Seminar/Workshop/Conferences in total 4 credits (i.e. 40 hours) and ISC 2 for completing Certificate Programs of their choice of total 4 credits.

ABOUT PGDM PROGRAMME

Pedagogy: All critical inputs are delivered using interactive methods - case studies, management games, role plays, workshops, videos, networking, seminars and more, in order to offer plethora of experiential learnings. This is further strengthened by eight weeks of Summer Internship, Live Projects and Industry Threshold program in the sixth trimester leading to placements.

Alumni Network: We have close knit alumni network that helps students' learning and professional curve. Well placed, occupying influential corporate positions MET PGDM alumni significantly contribute by delivering guest lecture, being visiting faculty, mentor, advisor, counselor and more. Through this network even internship and placements are facilitated.

Placements: MET PGDM alumni are making us proud all over the world working in a wide range of industries from IT giants like Google to real estate, from pharma and life-sciences to automobile sector, banking and NBFCs, rating agencies, ad agencies, FMCGs to name a few. Many companies visit the campus year after year for recruitment offering multiple portfolios like research analyst, sales & distribution, investments research and portfolio management, advertising, digital marketing, business analyst, client servicing, marketing, e-commerce etc. MET PGDM students have been offered packages as high as ` 15.5 lakhs p.a. A few graduating MBAs choose to join family business or launch out start-ups to embrace entrepreneurship.

MET is a leading PGDM College in Mumbai offering latest course content which is best delivered using traditional and innovative pedagogy including - Focus Groups, Innovative Projects, Role Plays, Research, Live Projects, Case Studies, Industry Interaction Modules, Mentoring by Alumni, Seminars, Conferences, Workshops, Industry Visits etc. Learning is further augmented by best infrastructure facility that includes wifi campus, e-enabled libraries that dock 64000 books and hundreds of journals and magazines besides access of thousands of online databases, journals & e-books and videos of management practices.

PGDM PROGRAMME STRUCTURE

Particulars	No. of Courses (Subjects)							
	Generic Core	Specialisation Core	Specialisation Electives	Specialisation Electives (New Age)	ISC	Capstone Project	Enrichment Courses	Total
Trimester 1	5						2	7
Trimester 2		5					2	7
Trimester 3	2		3				2	7

DIRECTOR'S MESSAGE

The pandemic took the world off-guard and forced every one of us to live with anxiety for last two years. Post World War II and Pre-Covid pandemic we were living in Volatile, Uncertain, Complex and Ambiguous (VUCA) world. Pre-covid what used to be Volatile has ceased to be reliable and has become Brittle post-covid. Despite looking reliable, flexible and even unbreakable, brittle systems can collapse all of a sudden when reaching a breakpoint that couldn't be predetermined. People and businesses do not feel uncertain anymore due to the brittleness combined with huge amount of information, especially the bad news. Rather they feel that they are constantly standing on the verge of a breakdown causing helplessness and Anxiety, one of the most common illnesses affecting the people these days. Things are not complex anymore instead they obey Non-linear logical systems, lack of an evident connection between causes and consequences. Sometimes small causes may lead to disproportionately big consequence or vice versa. What used to be ambiguous appears Incomprehensible to us today. Non-linearity and its lack of logic between causes and consequences lead to incomprehensibility. It is a BANI (Brittle, Anxious, Non-linear, Incomprehensible) world now.

Resilience is the prime quality required to deal with brittleness coupled with the capability and acknowledgement that danger is always there. Anxiety can be dealt with empathy, mindfulness and positivity in handling our inner struggle and identifying opportunities and potential movements. Non-linearity factor requires malleability, adaptability, and knowledge regarding the current scenario. Wide usage of Artificial Intelligence technologies is generating more and more data which is making any issue increasingly incomprehensible. Thus, clearness, intuition and lot of human thinking are needed to deal Incomprehensibility.

BANI environment forced us to relook at the Management Graduate Attributes and redesign the MET's PGDM Program. The MET's PGDM program endeavours to produce global management professionals embedded with digital and technological literacy to address the challenges of BANI world.

The MET PGDM program is two year full time program consisting of 41 courses (subjects) spread over six trimesters. The MET PGDM offers two specializations to the learners, one specialization in traditional & functional areas i.e. Finance, Marketing, Human Resources, Operations and Systems, consisting of 08 courses in each. And another new age specialization in FinTech, MarTech, EduTech, Healthcare Management and Start-ups & New Enterprise Management, consisting of 03 courses. In addition to functional and new age specialization, the learners also study 10 enrichment courses such as Design Thinking & Decision Making, Data Science, Corporate Social Responsibility, Indian Wisdom for Management, etc. Further learner has to complete 02 Independent Study Courses during the program duration for which learner is required to independently pursue certification courses and attend seminars, conferences, etc. offered by external agencies/platforms such as Swayam, Oracle Academy, Coursera, etc. The MET Institute has partnered with Oracle Academy for the same. The learner also has to do Summer Internship of 6 to 8 weeks duration equivalent to 01 course and submit a dissertation thesis of a Capstone Project Work equivalent to 02 courses commencing in trimester 3 and culminating in trimester 6. This blend of 41 courses prepares the learner to deal the challenges of BANI world.

In addition to conventional time-tested lecture method the pedagogical approaches at MET PGDM Program includes Case Based Learning, Experiential Learning through live projects, Simulation Games, Guest Lecture Series, Leadership Building through student clubs, Business Thought Leadership series, Internship with NGOs in order to make learner responsive to societal issues and develop business models that incorporate concern for People and Planet.

We at MET, have taken students through a transformational journey. They have transitioned from the state of 'Knowing' to 'Doing' and then from 'Doing' to 'Being'. We have equipped them with the skills and mindset that's needed to excel globally. We believe that this new batch of young managers will not only meet but also would significantly surpass the marketplace expectations, in their endeavour to climb the corporate ladder.

CA Dr Das Shyamsundar
Director, MET Institute of PGDM

STUDENTS SPEAK

I was fortunate enough to study at the MET Institute of Post Graduate Diploma in Management and it was a truly remarkable experience. The institute has a well-established reputation for delivering exceptional management education and I feel grateful to have been a part of it. The faculty members are not only knowledgeable but also approachable and always willing to assist. The campus facilities are up-to-date and well-equipped, providing students with everything they need to thrive. The curriculum is expertly designed, offering a harmonious blend of theoretical understanding and practical exposure. Overall, my time at MET Institute was both enriching and enjoyable and I would highly endorse it to anyone seeking a management career.
Amogh Patil, PGDM (Finance)

MET Institute is one of the top colleges and it ranks 4th in Mumbai. I selected this institution due to the part-time internship program it offers, which has been incredibly beneficial in developing my personality. The faculty members are exceptional and always available to support the students. The atmosphere at MET is friendly and accommodating, creating a positive and flexible learning environment.

Riti Modi, PGDM (Marketing)

Being in MET has given me an unparalleled experience that I believe cannot be replicated by any other college. It is the only college to offer internship programs that give students a distinct advantage by providing them with hands-on exposure to the corporate world. My experience so far has been excellent, and the educational opportunities available at MET are abundant.
Rahul Thakur, PGDM (Operations)

So far, my time at MET has been fantastic. I've been a student for about 6 to 7 months, and I've grown both academically and personally. The PGDM program I have enrolled in features an internship component, which has been instrumental in enhancing my knowledge and refining my management skills. Additionally, the faculty members have been extremely supportive and dedicated to our success.

Shreya Gharat, PGDM (HR)

ALUMNI SPEAK

I am grateful to MET for guiding me towards a bright future in the field of Finance through the PGDM course. The course helped me develop the necessary skills to build competencies that have been useful in my day-to-day work as an Analyst. Course curriculum and team activities have provided me with the platform to collaborate with my peers from diverse backgrounds, interests, and thinking patterns, thereby developing better interpersonal skills required for succeeding in a diverse environment in my career ahead.

Faiz Shaikh

Investment Research Analyst

Gravitas Linedata, [PGDM - Finance Alumni]

I pursued my PGDM in Marketing in MET, Mumbai. MET designed the course to be both theoretical and practical and have one of the best faculty in Mumbai. MET focuses on all round development by emphasising on extra curricular activities as well. I am proud and blessed to have been a part of the PGDM program at MET.

Jehan Bharucha

Assistant Manager-Operations

VFS Global- Dubai [PGDM - Marketing Alumni]

It was my immense luck and fortune to be part of MET Institute. The entire faculty and department leaves no stone unturned to shape one's future. It has given me tremendous opportunities to grow personally and professionally. Our institute takes the educational mission to heart, here you will find people that will support you and guide you on the path to your degree. The curriculum has good structure which gave me real experience for the field I desired to get into. I am sure you will grow, improve yourself and become a better 'you.'

Sneha Shrivastava

Rave Business Systems LLC

Assistant Manager - HR [PGDM -HR Alumni]

MET has been really instrumental in building up my career and providing the best in house faculty for professional development. I had a great opportunity to interact with industry experts and grateful to get the on campus placement at Motilal Oswal Financial Services. Good in depth knowledge and practical experience about various business verticals, marketing aspects and Human Development. MET as an institute provides a good platform for young generation to grow, build the career and contribute to the industry.

Arpit Beriwal

Motilal Oswal Financial Service

(MOFSL), Derivatives and Technical Analyst, Equity Research [PGDM -Finance Alumni]

MET has not only helped shape my career in marketing but has also helped me build relationships and networks for a lifetime. With best-in-class faculty & with them being from varied industries, we got immense practical & on ground knowledge rather than only theoretical knowledge. I am proud to be associated with such a prestigious college, who has not only played a big role in making my professional journey successful, but also made me grow and mature gradually.

Om Raheja

Hindustan Unilever (HUL), Brand Building [PGDM -Marketing Alumni]

PLACEMENTS

PGDM students recently have been placed in the leading companies with the highest package of 15.5 lakhs p.a

WHAT GIVES US THE EDGE

International Internships: Batches of MET students have pursued internships with the UN (ECOSOC) Forum, New York, USA.

MET eCell: Designed to promote Invention and Entrepreneurship termed as 'Inventrepreneurship' at MET. MET eCell is a place for all to gel where each one has something new to tell. The MET eCell regularly holds workshops, seminars and guest lectures by eminent entrepreneurs.

Sensitivity to Social Causes: The students and MET faculty are currently executing Project TRUTH (Total Rural Upliftment Through Holistic Care) in cooperation with the United Nation Department of Economic and Social Affairs (UN DESA). Students involvement ensures development of social sensitivity towards problems of under development and poverty. It also helps understand the working of NGOs who are now the focal point of wider issues of corporate governance.

Competency Mapping: The in-house psychologist at MET maps the students' competencies, in order to guide them in their academic pursuits.

MET Combat: Students participate and compete in an inter and intra-class debate competition on contemporary & controversial subjects. This sharpens their analytical, logical and oratory skills.

Grameen Expedition: Rural visits had been organised through the MET Grameen Expedition. The aim of these trips is to encourage students to realise that fortune lies at the bottom of the pyramid.

Stormet: Operating through nine verticals, the Stormet groups, through discussions and in-house interaction, work towards knowledge enhancement. **MET on Wheels:** A pioneering concept where MET students visit organisations in various sectors in the country, in order to study practical management system 'Know Thyself And Thy Country'. With a view to provide first hand experience of the work places, the institute arranges regular visits to select industrial and commercial undertakings.

Management Consultancy Division: It offers Management Development Programmes, Executive Training, Research and multi-consultancy support to corporate houses, such as Dun and Bradstreet, Nicholas Piramal, Mazgaon Dock, Ingenero, Goodlass Nerolac Paints, Merck Serono and Merck Chemicals in India, to name a few.

MET Vault: An in-house wall magazine where Creativity meets Management. This monthly wall journal was launched to provide Management students with a platform to express their creative sides.

MMR: MET Management Review is a Bi-annual Research Journal (ISSN 2394-4013). The main purpose of MMR is to promote evolution, nurturing and presentation of Innovative thoughts, theories, approaches, practices and applications in the context of Indian and Global management arena through research articles of the management fraternity. These articles cover a broad range of management and economic issues and is peer reviewed for wider acceptance.

Mr. Bharat Dabholkar (a maverick media personality) along with MET Management student at the University Trustees gracing the inaugural of Mumbai ceremony of the Annual college fest.

Motivation Guru Dr. Peter Chew Dr. Vasant K Bunwaree, then Minister of delivering a power packed session on Education, Republic of Mauritius at MET 'How to be a winner'

Mr. Nandan Nilekani, Chairman, UIDAI, then Co-Chairman, Infosys, with MET management students during the TIE Summit

Mr. Sandesh Kirkire, Kotak Asset Management, Mr. Mahesh Chauhan, Salt Brand Solutions, Ms. Nisha Singhania, Infectious Advertising, Mr. Yogesh Bhamare, Khadi and Village Industries Commission, Mr. Sachin Rele, Autonic Energy Systems Pvt. Ltd and Mr. Dushyant Panchal, Adjust gathered for MET PGDM Strategic Marketing Conclave.

WHAT GIVES US THE EDGE

Praniti Gotad, Prajakta Ogale & Vishal Bandapalle become 2nd runner up in Educational Conclave to facilitate 'Reel It In', competition at IIM Bangalore. international networking.

In order to provide platform for High level delegates from the European innovation among youth & unleash the Parliament visited MET for a round table digital potential MET holds India's First meet in association with the Strategic Online Initiative: DIGIMET Foresight Group

Asian Business Responsibility Summit
PGDM students interacted with Mr. Richard Howitt, CEO, International Integrated Reporting Council, UK, Lady Lynn de Rothschild, Founder & CEO of Coalition for Inclusive Capitalism, New York, Dr. Vishal Sikka, Mr. Ajay Piramal and other luminaries during '4th Asia Business Responsibility Summit'.

MET Pedal: A Perspective Entrepreneurial Design Major events of the preceding week. It helps to keep and Application Lab is being set up to attract them updated with current events and their entrepreneurial talent both in-house and from the implications, attempting to chart a course for open market, to develop design and applications tomorrow as an answer to the events of today. for industrial and societal use.

METCONNECT Dubai: It was an exclusive that the students graduate as global managers. The meeting of minds from the corporate, academic international borders are shrinking and the world is and student world. It was organised to introduce fast becoming one global village, it is thus the MET League of Colleges to the corporate world imperative that the students gain inputs from across the borders. We therefore invite global faculty to share their thoughts and experiences with the students. International experts from across various verticals help the students gain an international perspective.

Global Shapers Platform: MET has co-sponsored the launch of Global Shapers platform in India as an extension of the Global Shapers initiative of the World Economic Forum. It is an attempt to link young achievers with grass root entrepreneurs making a positive impact on the entrepreneurial eco system and attract the youth to the self employment mode.

METCONNECT: A meeting of minds from the corporate, academic and student worlds. This interaction with the corporate houses serves as a forum for exchanging ideas in order to meet the requirements of the industry in India.

MET Synergy: An Industry Academia Interface, where students got an opportunity to interact with the doyens of the industry through platforms like CEO Speak and guest lectures.

MET Kwhiz: 'MET Kwhiz – News Power Knowledge was launched to offer MET management students a' weekly platform to understand and analyse the major events of the preceding week. It helps to keep them updated with current events and their implications, attempting to chart a course for tomorrow as an answer to the events of today.

MET PGDM student, Mr. Mohit Sankpal secured 3rd Position as the Best Student in Management Award by ET Ascent.
