

Home made Ninja...

*He has the might
and will to learn ,
has to make himself capable,
respect he has to earn .*

*He is a half a ninja
and half to be
his katana and shuriken lessons
are demonstrated on a tree .*

*He plays with sharp objects
and hides in the dark
but he is not ready yet
to show his real spark .*

*He wears a mask
stealth is his power
he can't even be seen
from the tallest light tower .*

*Yes he is home grown!
a self made warrior
with years of practice
even his shadow escapes the mirror .*

*He has learned all his tricks
and his high end features
from google, wikipedia and youtube
who are his only teachers .*
