

Beacon Blaze

Our Grade 3 little dancing stars made our school proud by winning the numero uno position at the 'BEACON BLAZE' an inter school dancing competition conducted by Beacon High School. Our school performed on the Earth and Water elements keeping in sync with the theme 'Five elements of nature'. The children gracefully performed a fusion dance comprising of bharatnatyam and free style.

Grade 3 you made us proud!

Sports day

Unique, like every year, with an array of displays and athletic feats woven with good speeches and compeering by our kids, Rishikul sports day was an event to watch for. The day reflected personal victories, sportsman spirit and team work which was applauded by our lively audience...our enthusiastic and energetic parents!

Anandvan 2012-13

It was overwhelming as we counted 10 years from the inception of the school, covering a journey with each year unique in many ways.

This year also marked a triumph as we took a plunge forward with our Anandvan which was 'zara hatke'. This year's Anandvan was different as it is largely driven by our students. It was dreamt, visualized, planned and executed by them.

It gave us a snapshot in the...Life in Aamchi Mumbai, the city of dreams, the city that never sleeps and the children saluted the undying spirit of our city through a potpourri of songs, dance, skits and fun.

Teachers training workshop

Embarking into the New Year with the prestigious Cambridge International Primary years programme affiliation, teachers underwent rigorous training to equip themselves to execute the curricula in their classrooms. They attended various online, face to face and in school workshops.

Orientation of parents

Our parents were orientated into the primary and secondary coursework in order to give them an overview of subject wise aims and objectives and teaching strategies used in the daily classroom teaching and learning. School's faith in parents co-operation was once again affirmed in this orientation.

Cambridge Checkpoint Exams

In the month of April 2013 our Grade 5 students appeared for the Cambridge Checkpoint examinations conducted by the CIE (Cambridge University of International Examinations). These exams are diagnostic tests in the core subjects of English, Math and Science.

So again, "Onwards Ho!"
